SKETCH & SOLITAIRE: CUSTOM ENGAGEMENT RINGS IN DUBAI

Bespoke Engagement Rings: The Dubai Advantage

Dubai is globally recognized as the “City of Gold,” and for good reason. By designing your ring here, you tap into one of the world’s most competitive diamond and jewelry markets, allowing you to get ****significantly more value (per carat)**** for your budget compared to Europe or the US.

More Carat for Your Cash: Benefit from Dubai’s tax-free diamond trade and competitive pricing. You can often secure a larger, higher-quality center stone for the same price as a standard retail ring back home.

World-Class Craftsmanship: Access the same master jewelers who service global luxury brands, ensuring your ring is built to the highest international standards.

Total Creative Control: Don’t settle for what’s in the display case. From the metal type to the “hidden halo,” you design every detail to fit her exact style.

Rapid Turnaround: Because Dubai is a global jewelry hub, we can often complete a custom-made masterpiece in as little as ****2 to 3 weeks****.

The Process

1. ****Select Your Stone:**** Choose from an exclusive inventory of GIA-certified diamonds at wholesale-direct prices.
2. ****Design the Setting:**** Work with our designers to create a 3D model of your dream ring.
3. ****Hand-Crafted in Dubai:**** Our artisans cast and hand-set your ring right here in the city.
4. ****The Reveal:**** Your ring is delivered in a premium LED-lit box, ready for your Proposal Dubai moment.

****Simple, transparent, and superior value.**** You get a world-class ring at a “City of Gold” price point. Would you like me to create a simple ****“Ring Budget & Style” flyer**** you can send to your international clients to show them how much they can save?

GLOW & GRANDEUR: COLD PYRO SPARKLERS

The Reveal: Four (4) synchronized cold fire sparkler units that produce a stunning vertical fountain of sparks (typically 2–3 meters high). **The “Yes” Moment:** Precision-timed to trigger at the exact moment of the proposal, grand entrance, or first dance for a high-impact, cinematic finale. **Duration:** Typically provides 20–30 seconds of continuous or pulsed spark display. **“Cold” Spark Technology:** These units use specialized grains that produce non-flammable sparks. They are significantly safer than traditional pyrotechnics and are generally safe for close-proximity use. **Smokeless & Odorless:** Designed to be used without leaving heavy smoke or strong sulfur scents, preserving the ambiance of the event. **Strict Venue Policies:** Please be advised that some venues do not allow the use of pyro sparklers (including cold fire) due to internal fire safety regulations or sensitive smoke detection systems. **Approval Process:** Implementation is strictly subject to prior approval from the venue management or hotel security. **Permit Requirements:** Depending on the location, specific civil defense permits or “hot work” notifications may be required and are not included in the standard setup.

SILHOUETTE & STORY:

A VARIETY OF ENTERTAINERS AND PERFORMERS AVAILABLE TO ELEVATE THE EXPERIENCE

Aerialist / Silk Performer: A breathtaking display of strength and grace, perfect for high-ceiling private venues or outdoor setups with a portable rig. **Mirror People / Human Statues:** Avant-garde performers in reflective suits that interact with lighting and guests, creating a surreal, futuristic aesthetic. **Professional Storyteller / Poet:** A dedicated artist who can recite a custom-written poem or narrative of the couple's journey during a private dinner. **Live Event Painter:** An artist who captures the proposal or the dinner scene on canvas in real-time, providing a one-of-a-kind physical keepsake. **Caricaturist / Digital Illustrator:** A lighthearted addition for larger engagement parties or "post-proposal" celebrations. **Close-up Magician:** Specializing in "mentalism" and intimate illusions to create a sense of wonder just moments before the big reveal. **Tannoura or Sufi Dancers:** Traditional performers that add a stunning cultural touch, especially effective for private desert camp experiences. **Fire Dancers / Fire Breathers:** High-impact visual entertainment for beach or desert venues (subject to strict safety permits and venue approvals). **Synchronized Swimmers:** For luxury villa or resort proposals featuring a private pool, adding a "Old Hollywood" glamour to the evening. **Lead Time:** Specialized acts often require 14–21 days for booking and choreography. **Technical Requirements:** Most performers require dedicated changing areas and specific sound/lighting setups which can be quoted upon request. **Permits:** Just like our musicians, DTCM or venue-specific permits are required for all professional performers.

REEL & RARE: PRIVATE CINEMA SETUP TO ENHANCE THE EXPERIENCE

Visuals: High-definition (HD) projector and a large-format cinema screen tailored to the venue's dimensions.

Audio: Professional sound system or high-output speakers included to ensure clear, immersive audio for your custom movies or background music.

Versatility: Ideal for displaying "Story of Us" montages, surprise proposal videos or live-streaming greetings from loved ones.

Environmental Factors: This setup is best suited for indoor venues or outdoor evening events (after sunset) to ensure maximum brightness and clarity.

Venue Restrictions: Please be advised that some venues do not allow the installation of large screens or external audio equipment due to architectural constraints, guest privacy policies, or existing AV contracts.

Power & Space: Requires access to a reliable power source and a specific footprint for the projector throw-distance, which will be assessed during the site visit.

Playback: Support for all major video formats (MP4, MOV). Content should be provided at least 48 hours in advance for technical testing.

Live Feed: Can be integrated with our

professional videography team for a
"live reveal" on the big screen.
